CRITERIO DE CONFECCIÓN DEL ROAD BOOK

- Este Road-Book ha sido confeccionado durante el mes de enero de 2026.
- Cualquier modificación será publicada por medio de un complemento, sin que los organizadores sean responsables de eventuales variaciones de señalización.
- En la elaboración de este Road-Book se ha puesto especial atención para facilitar su uso e interpretación del mismo por los participantes.
- Las modificaciones producidas después de su impresión serán notificadas mediante complementos numerados y firmados.
- En la casilla de información se hace constar la denominación de la vía para facilitar la ubicación. Esta información es complementaria y no vinculante ya que diferentes bases de datos nombran de forma diferente una misma vía.
- Sólo se hacen constar los cruces necesarios junto con la información relevante de acuerdo con este criterio:

CUANDO ESTEMOS CIRCULANDO POR UNA VÍA, SE SEGUIRÁ POR LA MISMA HASTA QUE SE INDIQUE UN CAMBIO DE VÍA Y/O DIRECCIÓN.

- Este Road-Book ha sido elaborado por Fransonic Motorsport Services con todo cuidado. Agradecemos las sugerencias que nos permitan mejorarlo.
- Para la elaboración del presente Road-Book se ha usado un medidor RabbitBox con doble sonda en la rueda trasera izquierda en un vehículo de tracción delantera.
- La medición en los tramos cronometrados se ha realizado por el lado derecho del carril. En las rotondas se ha circulado siempre por la parte más exterior del carril derecho.
- Al final del libro se encuentran dos páginas, una con un **OK** en color verde y otra con un **SOS** en color rojo, que se usarán en caso de haber sufrido un accidente, el **OK** verde en el caso de que no haya heridos que precisen asistencia médica y se mostrará a los 3 vehículos participantes siguientes. En el caso de necesitar asistencia médica, se mostrará el **SOS** rojo a los 2 vehículos participantes siguientes. Cualquier equipo participante que no siga esta norma podrá ser penalizado por el Colegio de Comisarios Deportivos.

CRITERIA FOR PREPARING THE ROAD BOOK

- This Road Book was prepared during January of 2026.
- Any amendments will be published as addenda, and the organisers shall not be held responsible for any potential changes in signage.
- Special care has been taken in the preparation of this Road Book to ensure ease of use and interpretation by participants.
- Any modifications made after printing will be communicated through numbered and signed addenda.
- The road name shown in the info box is provided to assist with location. This is for reference only and not binding, as naming may vary across mapping databases.
- Only essential junctions are included, along with relevant information, in accordance with the following guideline:
 - **WHEN DRIVING ON A ROAD, CONTINUE ON THAT SAME ROAD UNTIL A CHANGE OF ROUTE AND/OR DIRECTION IS INDICATED.**
- This Road Book has been prepared by Fransonic Motorsport Services with the utmost care. We welcome any suggestions that may help us improve it.
- For the preparation of this Road Book, a RabbitBox meter with dual wheel sensor on the rear left wheel of a front-wheel-drive vehicle was used.
- The measurement on the timed sections was taken on the right side of the lane. On roundabouts, we have always driven on the outermost part of the right lane.
- At the end of the book, there is a page with a green **OK** sign and another one with a red **SOS** sign. These signs are to be used in the event of an accident. The green **OK** sign must be shown to the next 3 participating vehicles if there are no injuries requiring medical assistance. If medical assistance is required, the red **SOS** sign must be shown to the next 2 participating vehicles. Any team failing to comply with this protocol may be penalised by the Panel of Sporting Stewards.

NOTA IMPORTANTE:

En caso de condiciones climatológicas adversas, el director de carrera decidirá en función del estado del tramo si se utilizarán las medias normales o excepcionales, avisando del cambio en el CH previo al tramo cronometrado.

IMPORTANT NOTE:

In case of adverse weather conditions, the race director will decide, based on the condition of the section, whether normal or exceptional average speeds will be used, giving notice of the change at the TC before the timed section.

NOTA IMPORTANTE:

En caso de condiciones climatológicas adversas, el director de carrera decidirá en función del estado del tramo si se utilizarán las medias normales o excepcionales, avisando del cambio en el CH previo al tramo cronometrado.

IMPORTANT NOTE:

In case of adverse weather conditions, the race director will decide, based on the condition of the section, whether normal or exceptional average speeds will be used, giving notice of the change at the TC before the timed section.

NOTA IMPORTANTE:

En caso de condiciones climatológicas adversas, el director de carrera decidirá en función del estado del tramo si se utilizarán las medias normales o excepcionales, avisando del cambio en el CH previo al tramo cronometrado.

IMPORTANT NOTE:

In case of adverse weather conditions, the race director will decide, based on the condition of the section, whether normal or exceptional average speeds will be used, giving notice of the change at the TC before the timed section.
